PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on experience building full-stack web applications using MongoDB, MySQL, Express.js, React.js, and Node.js. Completed 6 months of Industrial Training in Full Stack Development at Code Pulse IT Services. Skilled in developing RESTful APIs, implementing robust authentication systems, and creating highly responsive, user-friendly web solutions with clean, maintainable code.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), SQL (MySQL), Python, C
Frontend: React.js, Redux Toolkit, HTML5, CSS3, Bootstrap
Backend: Node.js, Express.js, REST APIs, JWT Authentication, Bcrypt.js, Middleware
Tools & DBs: MySQL, MongoDB, Firebase, Git, GitHub, Postman, VS Code, Vercel, Netlify, Render

WORK EXPERIENCE

Full Stack Development Trainee June 2025 – Dec 2025

Code Pulse IT Services, Rohtak

- Completed a comprehensive 6-month Industrial Training program in Full Stack Development.
- Developed full-stack web applications leveraging React.js, Node.js, Express.js, MongoDB, and MySQL.
- Built secure RESTful APIs to facilitate seamless frontend-backend data communication.
- Implemented user authentication and authorization protocols utilizing JSON Web Tokens (JWT).
- Collaborated within a team configuration using Git and GitHub for version control.

PROJECTS

Badminton E-Commerce Shop React.js, Firebase (Firestore & Auth), Netlify

- Engineered a fully responsive e-commerce platform dedicated to badminton equipment, featuring product catalogs, dynamic theme selections, and seamless cloud deployment via Netlify.
- Integrated Firebase Authentication to support seamless guest checkouts alongside secure, persistent customer accounts.
- Utilized Firebase Firestore for real-time inventory management, synchronization of product availability, and dynamic shopping cart updates.

Expenses Management Tracker React.js, Node.js, Express.js, MongoDB / MySQL, Vercel, Render

- Developed a full-stack expenses tracker application featuring structured CRUD operations, deploying the frontend on Vercel and the backend service on Render.
- Designed RESTful endpoints for optimal data transactions and responsive frontend updates.
- Integrated localized user authentication modules to safeguard private transactional records.

Firebase Realtime CRUD Application React.js, Firebase Realtime DB, Vercel

- Built and deployed a synchronized CRUD web system on Vercel utilizing Firebase Realtime Database for live updates. Integrated native Firebase Authentication APIs for streamlined, secure registration workflows.

EDUCATION

Bachelor of Technology (B.Tech) - Computer Science & Engineering 2023 – 2027

Vaish College of Engineering, Rohtak | CGPA: 7.5/10

CERTIFICATIONS & ACHIEVEMENTS

- SQL Course (Self Learning) - Skill Course (July 2026)
- Full Stack Industrial Training Certificate - Code Pulse
- CSS, Bootstrap & JS Web Development - Udemy
- Certificate of Appreciation from Network Bulls
- Successfully built and deployed 4+ full-stack web applications
